Morsø 1410

Constructed using the highest quality robust cast iron, this compact clean burning stove is the perfect heat source for smaller spaces. The sides of the stove embrace the squirrel logo synonymous with the Morsø brand.

Heat Capacity	60-90 m^2
Heat Output	6.8kW
Maximum Efficiency	65%
Emissions	1.4 g/kg
Flue Dimension	Ø150mm

Key Features

- ✓ Interchangeable flue collar for top or rear venting, provides flexibility in placement
- ✓ Compact size with a powerful 6.8kW output making it ideal for small spaces
- ✓ Optional short legs that reduce the height by 150mm

Morsø 1440

Compact with traditional styling, the 1440 has an updated combustion system that delivers excellent efficiencies. With this system harmful particles and surplus gases are burnt off in the firebox, fulfilling the strictest environmental requirements.

Heat Capacity	60-90 m^2
Heat Output	6.8kW
Maximum Efficiency	65%
Emissions	1.4 g/kg
Flue Dimension	Ø150mm

Key Features

- ✓ High-quality cast iron
- ✓ State-of-the-art combustion technology
- ✓ Reduced side clearances due to the convection side panels
- ✓ Ergonomic handle remains cool to the touch

Glass hearth pictured in this brochure is not available in Australia. Please refer to specification page for more details.

6100 Series

6600 Series

Morsø 6100 Series

One of the most popular Morsø models due to the simple but elegant Danish design. The fire is a piece of indoor sculpture – a beautifully handcrafted and wonderfully efficient heat source.

Heat Capacity	80-100 m²
Heat Output	8.0kW
Maximum Efficiency	65%
Emissions	1.5 g/kg
Flue Dimension	Ø150mm

6143

6148

Key Features

- ✓ Choice of log storage cavity or pedestal
- ✓ High-quality cast iron
- ✓ Unique combustion system that ensures a higher temperature in the firebox, allowing waste gases to be burnt off

Morsø 6600 Series

Danish artistic expression sets the 6600 series apart from the crowd. The combination of cast iron, glass and an elliptical shape is complimented by a unique double door maximising the glass viewing area, and providing a 180-degree view of the flames.

Heat Capacity	100-120 m²
Heat Output	10.8kW
Maximum Efficiency	64%
Emissions	1.5 g/kg
Flue Dimension	Ø150mm

6612

6643

Key Features

- ✓ Spectacular 180° view of flames
- ✓ Vermiculite bricks help insulate the combustion chamber and provides additional heat reflection
- ✓ Choice of storage cavity or with legs

Glass hearth pictured in this brochure is not available in Australia. Please refer to specification page for more details.

Morsø 7900 Series

These high efficiency wood burners make a focal statement with the large curved front window and double-glazed glass to the sides. Small details are designed to delight, such as the polished stainless steel handle and self-closing door, which slides into place with a soft click.

Heat Capacity	100-150 m^2
Heat Output	12.5kW
Maximum Efficiency	73%
Emissions	1.3 g/kg
Flue Dimension	Ø150mm

Optional Heat Storage System

The 7900 series is available with optional soap stone heat storage, which allows you to utilise the fire's heat more efficiently and enjoy the heat many hours after the last firing.

Available in either low or high top module, the low module having one heat storage stone and the high top three.

You control whether the heat from the stove's combustion chamber should be delivered directly to the room or stored in the stones.

Overseas model shown to demonstrate sample of heat modules.

Key Features

- ✓ Large panoramic windows on the front and sides for a 180° view of the flames
- ✓ Combustion technology using pre-heated air to produce higher temperatures
- ✓ Self-closing door
- ✓ Optional heat storage banks that fit on top of any 7900 stove

Morsø 8843

Morsø 8843

The Morsø 8843 is one of the most powerful Morsø stoves. Manufactured from cast iron with the latest in combustion technology means extended burn times from one of the larger fireboxes in Morsø's range.

Heat Capacity	100-150 m^2
Heat Output	7.2kW
Maximum Efficiency	69%
Emissions	0.8 g/kg
Flue Dimension	Ø150mm

Key Features

- ✓ Cleverly engineered to use pre-heated primary air as well as secondary air for a clean burn
- ✓ Self-closing glass door
- ✓ Open base for log storage
- ✓ Full length 'keep cool' handle

The New Black

It's easy to enjoy long and cosy evenings under the stars with the Morso Living range. With the substantial Forno, hosts have an oven, grill, smoker and rollicking fire in one. The portable Grill Forno offers perfect grilling, while the Forno Gas BBQ provides easy cooking for roasts and larger meats. These outdoor ovens and fires are a symphony of Danish Design, fire and food - just what every good night out needs - Hygge at its best.
